- Generating new product designs and modifying existing designs for clients
- Maintain drawing files and records throughout the duration of contracts.
- Explain drawings to production or construction teams and provide adjustments as necessary
- Taking of Quantities and measuring Area.

EDUCATION

- National certificate in **Engineering Draughtsmanship**.  
(Ministry of Higher Education Department of Examination)
  - ✓ Engineering Materials
  - ✓ Building construction
  - ✓ Building services
  - ✓ Engineering surveying
  - ✓ Engineering mathematics
  - ✓ Structural mechanics
  - ✓ Construction draughtsman ship
  - ✓ Geometrical & mechanical drawing.
- Diploma in **Auto CAD** in 2D & 3D with MEP  
(Professional Accounting Campus Lanka PVT Ltd. Colombo city based campus)
- Diploma in **Revit**  
(American Institute of Computer Technology)

KEY SKILLS & COMPETENCIES

- Substantial experience with exclusive production manufacturing
- High skills in using AutoCAD drafting software
- Willing and able to learn new products, concepts and techniques
- Working skills using Google Sketchup software for 3D Model
- Knowledge of manual drafting and CAD principles procedures and techniques
- Strong proficiency with MS Office
- Excellent reading comprehension ability for construction drawings and maps
- Outstanding ability to generate precise drawings from field survey data
- Fast learner and willing to master new information.
- Able to work under strict deadlines. As a result, they must work efficiently in order to produce the required output according to set schedules.
