CURRICULUM VITAE

Satheesh kumar.G Senior Draftsman (Architectural)

E-Mail : satheeshpnp@gmail.com
Skype ID :- satheeshpnp

Mobile : +97450866710 (Qatar)

EXECUTIVE SUMMARY

- □ Over **15 years** of experience in the areas of projects execution, design and detailed engineering of process equipments, CAD customisation, civil construction and resources mobilization.
- □ Demonstrated excellence in achieving design intent by using **AutoCAD 2D** experience in quality system. (Basic knowledge in **BIM Model (Revit)**.
- □ Astute professional with a flair for adopting modern project execution methodologies, systems in compliance with quality standards.
- ☐ Expertise in swiftly ramping up projects with competent cross-functional skills and on time execution.
- □ Strong ability to create/read/interpret drawings with proficiency in designing & developing new products in conformance to pre-defined technical specifications.
- ☐ Exemplary relationship management, communication skills with the ability to network with project members, consultants, and statutory agencies with consummate ease.

COMPETENCIES

- □ Drawing and developing layouts proposed by the designers and assisting in design works.
- ☐ Making the necessary changes to the designs, drawings or specifications.
- ☐ Co-ordinating with client-contractor-design team production & erection dept. for any required information.
- ☐ Following procedures to ensure the quality, safety and fitness of the structure, machine or product.
- ☐ Monitoring adherence to quality systems and complying with the pre set quality standards & maintaining requisite documents.
- Utilising CAD programs for building up dimensional components with technical drawings for components or small sections.
- ☐ Interfacing with other departments to understand the requirements of clients and modifying designs.
- □ Suggesting deviations in design, identifying any changes, taking approval and making final modifications in components for construction.
- ☐ Responsible for site engineering/supervising including day to day activities related to store, stock, construction, handling labours and managing.

CAREER CONTOUR

Al Huda Engineering in Qatar as CAD Draughtsman (From Dec 2018)

Job Role

- ☐ Responsible for the preparation of GA drawings, finishes drawings, Landscape drawings, architectural presentation drawings to the preliminary stage of project.
- □ Gathering information from related architectural / structural / MEP Consultants drawings /Landscape/ RFI responses / SI / amendments advised by Sub Contractor and incorporate them in to work shop drawings.

	Ensuring compliance with the latest specifications and drawing standards. Resolve issues and coordination of information to meet required timescales and Site activities Plan and Organize workload to meet Project Priorities Understand different disciplines with the construction team and reflect it in the way coordination problems are resolved.			
Cheriyan Varkey Construction Company in Kochi as CAD Draughtsman (Since Sep-2017 To Sep 2018)				
	Drafting Working drawings, detailed drawings, sketches etc. Drafting & Coordinating with MEP drawings. Multiplex Constructions W.L.L as CAD Draughtsman in Qatar (From Nov 2012 to June 2017)			
Jol	o Role			
	Gathering information from related architectural / structural / MEP Consultants drawings /Landscape/ RFI responses / SI / amendments advised by Sub Contractor and incorporate them in to work shop drawings.			
	Coordination of detailed design issues between individual sub-contractors, between sub-contractors and architect / client.			
	Responsible for the preparation of GA drawings, finishes drawings, Landscape drawings, architectural presentation drawings to the preliminary stage of project.			
	Accountable for the production of all the detailed design work for a project including general arrangement, typical details and certain fabrication drawings.			
	Ensuring compliance with the latest specifications and drawing standards.			
	Resolve issues and coordination of information to meet required timescales and Site activities			
	Plan and Organize workload to meet Project Priorities			
	Understand different disciplines with the construction team and reflect it in the way coordination problems are resolved			
	Maintenance of registration control of drawings issued and received via aconex.			
	Preparing architectural, structural drawings of all types of buildings.			
	AL QAWAREER CONTRACTING CO.W.L.L, as CAD Draughtsman in BAHRAIN.(Since June to Sep 2012)			
<u>Jol</u>	<u>o Role</u>			
	Gathering information from related architectural / structural / MEP Consultants drawings /Landscape/ RFI responses / SI / amendments advised by Sub Contractor and incorporate them in to work shop drawings.			
	Coordination of detailed design issues between individual sub-contractors, between sub-contractors and architect / client.			
	Responsible for the preparation of GA drawings, finishes drawings, Landscape drawings, architectural presentation drawings to the preliminary stage of project.			
	Accountable for the production of all the detailed design work for a project including general arrangement, typical details and certain fabrication drawings.			
	Ensuring compliance with the latest specifications and drawing standards.			
	Resolve issues and coordination of information to meet required timescales and Site activities			
	Plan and Organize workload to meet Project Priorities			
	$ \label{lem:construction} Understand different disciplines with the construction team and reflect it in the way coordination problems are resolved $			
	Preparing civil working drawings of all types of buildings.			
20	VIJITH JAGADEESH Architects, Edappally, Kochi as CAD Draughtsman. (Since July 2009 to June 2012) Job Role			
101	о које			

 $\hfill\Box$ Preparing architectural drawings of all types of buildings.

 $\hfill\Box$ Drafting Working drawings, detailed drawings, interior finishes drawings etc.

 $\ \square$ Handling quantities take off from drawings.

Independently supervised residential apartment, villas & office interior site. Handled day to day site activities. Nasa Multiplex I.I.C., Dubai. (Since July 2007 to March 2009) as CAD Draughtsman. Job Role
